

Use of Force Statistical Data

Reporting Period Q1 2023/24 (1st April 2023 – 30th June 2023)

This report provides an insight into the number of submitted use of force (UoF) forms. Each officer involved in a UoF incident is required to submit a form detailing their involvement. Each form can also include multiple reasons for the use force and/or multiple tactics. Details of the subject on the forms submitted will be duplicated due to these repetitions. The following figures are therefore an indication of the content of the forms themselves and are not a reflection of the exact number of incidents or subjects UoF reporting within the City of London follows national guidelines requiring the reporting of the use of any of the following tactics; handcuffing, unarmed skills, use of police dogs, drawing or use of a baton, drawing or use of irritant spray, limb / body restraints, spit guards, shields, conductive energy device (C.E.D currently TASER), AEP (attenuating energy projectile), firearms and other improvised techniques. An additional tactic available in the City is the use of horses. When choosing the appropriate tactical option officers are required to use the minimum amount of force necessary to achieve their legitimate aim.

This is the main dashboard for the given reporting period and shows an increase from 912 uses of force in the previous quarter, an increase of 11.40 % on the previous quarter. The number of arrests made has also increased from 606 given an increase of 1.98%.

Disproportionality rates have increased marginally from the previous period where figures were

Black disproportionality has seen a rise from 2.62 to 2.73 giving an increase of 4.19%.

Asian disproportionality has seen a reduction from 0.88 to .074 giving a reduction of 15.9%.

Other disproportionality has seen an increase from 0.56 to 0.70 giving an increase of 24.99

This is an area that we will endeavour to continually improve through review, scrutiny and service improvements.
